

### Typical pipe spool — shop welds, field welds, flange, olet, tag

Shop welds are completed and NDT'd in Mehsana. Field welds close the rack. Tags match the isometric.

Spool fabrication sequence

Metal Forge India · original engineering diagram · not a product photograph

### Pipe vs pipe spool

#### **Straight pipe**

Mill length, plain or bevelled ends

No fittings attached

You weld the system on site

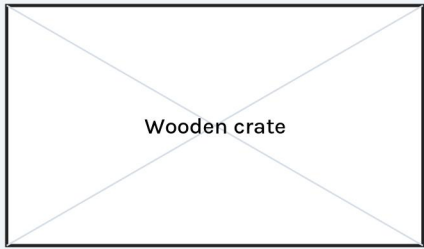

#### **Pipe spool**

Cut and welded to an isometric

Flanges, fittings, olets included

Hydro and NDT before despatch

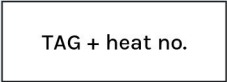

Export packing

Wooden crate

End cap

TAG + heat no.

Bevels capped. Faces covered. Tags match the packing list.
